The Dollar Bill

Increase your fun-fact-knowledge of the \$1 Bill...

- 1) The \$1 bill design has remained unchanged since 1963.
- 2) Currency paper in the U.S. is not actually paper & is made of 75% cotton & 25% linen.
- 3) The \$1 & \$2 bills are the least expensive to produce, costing 5.6 cents each. The \$100 bill is the most expensive at 13.2 cents per bill.
- 4) War & Peace are both represented in the eagles talons... arrows = war, olive branch = peace.
- 5) '13' is everywhere... 13 arrows in the eagle's talon, the 13 stripes on the Great Seal denote the original 13 colonies, & there are 13 steps on the pyramid.
- 6) Spider or Owl? Look closely at the front... do you see a spider or an owl to the top left of the upper right '1'? _____
- 7) Do you see a smiling ghost anywhere? Look at the 4th step of the pyramid on the back. Some see a ghost-like smiling face.
